PRAISE FOR RENÉE

"We. Love. Renée."

Renée's the consummate professional, community voice, and advocate. Having her as one of our anchor partners for our first-ever Aisle Planner Experience not only empowered our entire planning process but ensured we would drop the most current industry intelligence and experience-based intellectual property on our audience with a fun, charismatic, and completely relatable delivery. Renée keeps it real and real fun, all the while guiding her audience down paths lined with applicable insights and plenty of "Aha!" moments." - Trevor Wessman-Lavelle, Aisle Planner
